ESTRAY LAW.

(Extract Penal Code.)

SECTION 1. Any person finding at any time any estray domestic animal or animals upon his premises, or highways adjacent thereto, may take up the same, and no person shall remove them from the possession of the taker-up, or from the possession of the officer to whom they may have been delivered, except as hereinafter provided.

SEC. 2. Any person taking up an estray animal or animals shall confine the same in a secure place and within five days file with the County Recorder of the County in which such estray is found, a notice containing a description of the animal or animals taken up, with the marks and brands, if they have any, together with the probable value of each animal, and a statement of the place where the taker-up found, and where he has confined the same. The County Recorder shall receive for filing such notice the sum of fifty cents.

SEC. 3. At any time within thirty days from the date of the filing of the notice specified in Section 2 of this Act, any person claiming such estray animal or animals shall appear before a Justice of the Peace of the township wherein said animal or animals were found, and make claim for such estray animal or animals. The

Justice shall enter such claim in his docket, and shall notify the taker-up; and within five days after the making of such claim, the Justice shall hear the claim, and such evidence as may be produced by either party, and shall determine the case according to the rights of the parties, both with reference to the ownership and possession of the estray animal or animals, and the compensation to be paid to the taker-up, and the cost of the proceedings. Such compensation shall be estimated as follows:

1. The total amount paid by the taker-up to the Recorder.
2. The sum of fifteen cents per day for the keeping and care of each horse, mule, jenny, ass, bull, cow, ox, steer or calf.
3. The sum of five cents per day for the care of each sheep, goat, hog, or animal not hereinbefore specified.

The sum of one dollar shall be paid to the Justice of the Peace by the party or parties making such claim, for each claim made and entered by him as aforesaid, which shall be in full compensation for all services rendered by him in connection with each claim so made.

SEC. 4. If the owner does not appear and claim the animal or animals taken up, within thirty days after the filing of the notice hereinbefore mentioned, then the taker-up shall, in writing, notify a constable of the township in which said animals are held, which notice shall specify that he has complied with all the provisions of this Act, and that the owner or owners of such animals has failed to appear

and claim the same, as herein provided, and that such animal or animals are held by him subject to sale. Said constable shall immediately proceed to sell such animals at public sale, in conformity with law concerning sales on execution, and shall be entitled to the same fees as are provided by law for sales under execution.

SEC. 5. Out of the moneys realized from the sale of estrays, the constable shall first retain his fees; he shall then pay to the taker-up his costs and expenses, estimated as provided in Section 3 of this Act, or so much thereof as the funds in his hands will permit, and the surplus, if any, he shall pay to the County Treasurer, to be held by him for the owner of the estray or estrays, for which it was received in payment. If any person or persons shall, within one year thereafter, prove to the satisfaction of the Board of Supervisors of the county in which the estray or estrays were sold, that he or they are entitled to the sum so held by the County Treasurer, or any part thereof, said Board of Supervisors shall order such sum to be paid over to such person or persons, and if not so proven within one year, then such sum shall become a part of the common school fund of said county.

SEC. 6. All sales made by any constable, under the provisions of this Act, shall convey a good and valid title to the purchaser, and the owner of the estray so sold shall thereafter be barred from all right to recover the same.

SEC. 7. The taker-up of estray animal or animals shall use reasonable care to preserve

the same from injury; but if any estray animal or animals die or escape from the possession of the taker-up at any time before the expiration of the time specified in Section 3 of this Act, the taker-up shall not be held liable in any manner.
